

CHINTALA MAHINDRA

Java Backend Engineer | Spring Boot | Microservices | AI Application Integration
+91 96181 12357 | chintalamahindra163@gmail.com | Hyderabad, India | LinkedIn: in.linkedin.com/in/chintala-mahindra-178306241

SUMMARY

Java backend engineer building secure Spring Boot microservices with REST APIs, Spring Security, and event-driven systems. Hands-on experience integrating practical AI capabilities—RAG, embeddings, LLM APIs, and controlled backend access—using Spring AI within existing Spring Boot applications.

TECHNICAL SKILLS

Java 21, SQL | Spring Boot 3, Spring Security, Spring Data JPA, Hibernate, REST APIs, Microservices, JWT, RBAC | PostgreSQL, SQL Server, Redis, Apache Kafka, pgvector | Spring AI, RAG, Embeddings, Vector Search, LLM APIs, Prompt Engineering, Structured Outputs | AWS (EC2, RDS, S3, IAM, CloudWatch), Docker, CI/CD, Git, Maven, OpenAPI/Swagger

PROFESSIONAL EXPERIENCE

Tata Consultancy Services | Aug 2024 – Present | Software Engineer – Java Backend | Hyderabad | Enterprise HRMS & Finance Microservices

- Spring Boot 3 microservices on Java 21 for payroll, workforce and finance workflows; REST APIs and Spring Data JPA across PostgreSQL/SQL Server.
- Spring Security with JWT authentication and RBAC across employee, HR and administrative endpoints.
- Apache Kafka asynchronous event processing and Redis caching for high-frequency payroll and attendance lookups.
- Spring AI integration for document- and policy-based Q&A using retrieval and embeddings, with application-level access controls on retrieved context.
- Production debugging, API/database issue resolution and ongoing Agile enhancements.

PROJECTS

- Digital Library Platform | 2025 – Present | Spring Boot 3, Java 21, React.js, PostgreSQL, Redis, Docker, AWS
- REST APIs, JPA, Flyway, role-based workflows; JWT, Redis, S3, SES/SNS; Docker Compose and AWS EC2 with GitHub Actions CI/CD.
- PolicyDocs RAG Service | 2025 – Present | Spring Boot 3, Spring AI, Java 21, PostgreSQL + pgvector, Redis, Docker, AWS
- Document ingestion, chunking, embeddings and RAG Q&A; pgvector semantic retrieval, conversation context and structured outputs; JWT/RBAC constrained retrieval; Docker/AWS EC2.

CERTIFICATIONS

AWS Certified Cloud Practitioner (CLF-C02) — Amazon Web Services, 2024 | Spring Boot 3 and Spring Framework 6 — Udemy (Chad Darby), 2025 | REST API Design, Development and Management — Udemy, 2024

EDUCATION

VIT Vellore | 2020 – 2024 | Bachelor of Technology – Electronics and Communication Engineering
